RE: Recovery of Unclaimed Funds

Dear Wayne:

On behalf of Marin Resource Recovery Center, I wish to thank you for notifying us and helping us to easily claim company funds from our local County office.

Marin Resource Recovery Center was notified of unclaimed funds in July 2012 and I collected the County check, paid in full, yesterday at the County Finance Office.

It has been a pleasure working with you. You made the process straightforward and efficient, guiding us through a brief exchange of documentation. Without your knowledge and kind follow up our company funds would never have been found.

Thanks again, and if needed, I would be happy to work with you again! Please keep us posted!

Sincerely,

A handwritten signature in blue ink that reads "Susan".
