I would like to thank Wayne Douglas and Unclaimed Recoveries for the exceptional work and professionalism in recovering assets I was unaware existed. It took me quite a while to agree to let them proceed with the collection on my behalf, as I have never used a service of this type before. Wayne remained patiently persistent, while I became comfortable with the contract. After giving Unclaimed Recoveries permission to proceed, I received my funds in a few weeks exactly as promised. As the funds dated back over 7 years, I am quite certain I would have never recovered them on my own.
