Re: Unclaimed Recoveries, LLC

I recently had the experience of working with Wayne Douglas, from Unclaimed Recoveries, LLC.

Wayne contacted us regarding some funds that were owed to our company from a local municipality. We were completely unaware as to the existence of these funds. We signed the contract with Unclaimed Recoveries, LLC and within two days Wayne let us know that we were owed \$2,800 and that a check was being mailed to us that day.

The check arrived in the mail about three days later. I was so surprised at the quick turnaround that I contacted the issuer to verify that the check was real. It was.

The funds are now in the bank and we could not be happier.

I would not hesitate to recommend Wayne and Unclaimed Recoveries, LLC to anyone who is owed unclaimed money.

Sincerely,
